Accreditation Process

The accreditation process begins after your first year of your school launch. This process averages 9-12 months to complete. Our consultants are specialized in obtaining accreditation with a myriad of accrediting agencies.

Our veteran consultants will conduct a review to examine the whole institution and provide a clear plan for your school to obtain accreditation. JAG Consulting will ensure that your school meets and exceeds the accreditation standards, so your certification is seamless.

What We Do

- Assist school with the accreditation application process
- Assist school with the scheduling dates of the Readiness Review
- Collaborate with school for the self evaluation by providing detailed feedback and recommendations based on school's completed self evaluation
- Provide a Mock Readiness Review with school
- Provide templates, which include manuals, handbooks, presentations, and other documentation needed for accreditation in a shared folder for client access
- Provide accreditation checklist to ensure all documentation is completed before the Readiness Review
- Review the standards with school
- Find missing links between accreditation standards and current school operations
- Collaborate with the school to schedule the Accreditation Visit
- Assist school with review of the LMS/SIS/Website to meet accreditation standards
- Advise school on surveys for stakeholders and how to analyze data
- Provide Mock Interview with client to prepare for actual Accreditation Visit
- Ensure all required documentation is complete and meets accreditation guidelines
- Assist school throughout the process and answer any questions

Approval

We work with your school until you have final approval from your accrediting agency of choice.
