 British Isles

ABOUT THE SCHOOL

Positioned as an ideal choice for working adults seeking to earn a degree online, this school startup offers two exceptional programs:

Bachelor of Business Administration

- BBA Top-up program is designed for students with any business or business-related diploma to reach bachelor's level in only 6 months.

Executive Doctorate of Business Administration

- Accelerated executive DBA program with the flexibility to be completed in 12-72 months and Accreditation of Prior Learning (either academic or through work experience) is accepted making the studies very efficient for busy professionals.

SCHOOL FEATURES

The school is licensed in a unique part of the U.K. where the institution is given legal power by the local government to confer degrees up to doctoral level but with special circumstances that universities in other areas do not have. The freedom to innovate and recognise a student's experience and knowledge in a more holistic way, allowing them to build on their professional reputation and rapidly achieve higher qualifications.

Approved for online tuition and award degrees in law and business allowing for any type of degree in those areas to be designed and offered in the future. This school is a startup and currently has no students or revenue. The sale includes all of the curriculum, licenses and website.

Seller/Founder is willing to stay on in some capacity.
