In the center of the room is a large green chalkboard with a wooden frame. The chalkboard has the text "Your School Success Begins Here" written on it in white. To the left of the chalkboard is a small wooden shelf with some books and decorative items. To the right is a large window with vertical wooden blinds. We count JAG as integral members of our district's PLC and our most trusted professional advisors."

## Jim Gillen, Founder, Aquinas International Academy (AIA)

"At a time when our school was struggling to find its feet and survive, I decided that the perennial lure of studying in America could be key to us staying open. I was born in Ireland and know many's dream is to achieve that. We found that giving a chance to foreign students to study while in their home country and earn credits and a Diploma with us was a tremendous boost to our attendance and our survival. Indeed, it gave me the opportunity to build the school to the point of selling it and allowing me to retire and pursue other educational goals. I can't recommend highly enough, paying attention to the international student market! It made all the difference for our school!"

## Dr. Stephanie Freeman, Founder North Carolina University

"I highly recommend JAG. When I partner with a business, I value great customer service; efficiency, expertise, and a measurable ROI. I get all of that and a friendly staff with JAG. JAG takes the time to make sure that my expectations are met. If you have a school--whatever level--JAG has a solution for you!"
